

Dear Sirs: I would like to express how satisfied I am with the "Privacy" I now enjoy as a result of not being bothered at my home by sales calls or persons wanting me to fill out a voice survey etc. I think it would be a morale injustice to allow this law to be changed. I would hope that the persons making the decisions would take into account the many of us who feel our homes are a protected environment. An escape from the "world" where we can go to "RELAX" and not feel accosted by these sales persons or others who feel the only way they can make a sale is to corner the person on the phone and badger them until they give in and buy the product and then they call back to offer new and improved accessories or product benefits.

GIVE ME A BREAK!!!!!! I have no use for the telemarketing programs and will not buy or listen to them. Please DO NOT ALLOW THIS VERY PEACE GIVING LAW TO CHANGE!!!!!!!!!!!! SAY "NO" TO TELEMARKETING!!!!
